Capitalised terms used in this Explanatory Statement are defined in the Glossary appearing at the end of this Explanatory Statement.

A. THE RESOLUTIONS

1.1 Resolution 1 - Re-election of a Director

Clause 12.5 of the Company's Constitution requires that one third of the Company's Directors must retire at each annual general meeting. A director who retires under clause 12.3 is eligible for re-election.

Mr Stowell retires by rotation and offers himself for re-election

Information about Mr Stowell is available in the Annual Report that accompanies the Notice of Meeting.

1.2 Resolution 2 - Appointment of a Director

Clause 12.5 of the Company's Constitution provides that any Directors appointed by the Board, either to fill a casual vacancy or as an addition to the Board, shall retire from office at the next general meeting following their appointment. Any retiring Director is eligible for re-election at that general meeting.

Mr Glenn Zamudio was appointed to the Board on 16 October 2006. Mr Zamudio retires in accordance with Rule 12.5 of the Company's Constitution and, being eligible, offer himself for re-election pursuant to Resolution 2.

Mr Zamudio was appointed to the position of CFO and Company Secretary in November 2006. He has 5 years process and project engineering experience from feasibility through to commissioning. Mr Zamudio has 10 years merchant banking experience initially as a quantitative analyst and then in the investment banking division of a South African bank. For the past 4 years he has managed private businesses in Australia. Mr Zamudio brings to the Company a diverse set of skills with African and local exposure which complements the Board.

1.3 Resolution 3 - To increase the maximum aggregate remuneration of Non Executive Directors

The increase is sought because:

- (a) the board wishes to provide future flexibility to increase the size of the board, if and when appropriate
- (b) the board wishes to allow for future increases in fees to maintain market competitiveness and reflect increasing demands on non-executive directors

1.4 Resolutions 4, 5, 6 and 7– Grant of Director Options to Related Parties

1.4.1 Background

Resolutions 4, 5, 6 and 7 seek Shareholder approval for the grant of a total of 3,000,000 Director Options to the Directors, or their nominees, at no cost as follows:

- a) David Frances (or his nominee) for 1,250,000 Director Options;
- b) Mark Stowell (or his nominee) for 800,000 Director Options;
- c) Glenn Zamudio (or his nominee) for 750,000 Director Options; and
- d) Jonathan Asquith (or his nominee) for 200,000 Director Options.

The grant of these Director Options is designed to provide an incentive to the Directors to provide dedicated and ongoing commitment to the Company. Importantly, these Director Options are structured as follows for each Director:

- the Director Options granted have an exercise price of 30 cents;
- the Director Options expire on 22 August 2011;
- the Director Options vest immediately

The full terms and conditions of the Director Options are set out in section 1.4.4 of this Explanatory Statement.

The number of Director Options to be granted to the Directors under Resolutions 4, 5, 6 and 7 were determined having regard to a number of factors including:

- a) retaining key personnel – the grant of Director Options will assist the Company to retain the services of the Directors as the Company proceeds to develop its interest in the Kapulo project in the Democratic Republic of Congo ("**DRC**") and allow the Company to utilise the skills of these individuals in relation to the management and operation of exploration, evaluation and development projects both within DRC and Australia;
- b) creation of incentive – the Board considers the number and terms of the Director Options to be granted is the appropriate balance between creating an incentive for the Directors to provide dedicated services and commitment to the Company and protecting the interests of Shareholders from the dilutionary impact of the exercise of the Director Options;
- c) alignment of interests – the Board considers that it is in the interests of Shareholders to align the interests of the Directors and Shareholders by encouraging the Directors, subject to appropriate conditions, to have an equity holding in the Company. The Board considers however, that similarly to other Shareholders, this interest should arise through direct investment in the Company. In this regard, the total Director Option exercise consideration with respect to the Shares to be issued on exercise of the 3,000,000 Director Options is \$900,000.

The exercise prices of the Director Options has been determined in light of the recent price of Shares in the Company. Further details on the Company's Share price are set out in Section 1.4.3(d)(iv) of this Explanatory Statement.

The Director Options to be granted are in addition to any fees or remuneration package payable by the Company. Further details of fees and remuneration is set out in Section 1.4.3(d)(iii) of this Explanatory Statement.

1.4.2 Listing Rule 10.11

Listing Rule 10.11 provides that a company must not issue securities (including Options) to a related party of the company, such as a director, without the company obtaining shareholder approval.

Accordingly, Resolutions 4, 5, 6 and 7 seek Shareholder approval for the grant of Director Options to David Frances, Mark Stowell, Glenn Zamudio and Jonathan Asquith (or their nominees), who are all related parties of the Company by virtue of their positions as Directors.

Approval pursuant to Listing Rule 7.1 is not required in order to grant the Director Options as approval is being obtained under Listing Rule 10.11. Shareholders should note that the grant of these securities will not be included in the 15% calculation for the purposes of Listing Rule 7.1.

For the purposes of Listing Rule 10.13, the following information is provided to Shareholders in relation to Resolutions 4, 5, 6 and 7:

- a) the Director Options will be granted by the Company to the Directors, or their nominees, as follows:

Name	Number of Director Options
David Frances (or nominee)	1,250,000
Mark Stowell (or nominee)	800,000
Glenn Zamudio (or nominee)	750,000
Jonathan Asquith (or nominee)	200,000

- b) the maximum number of Director Options to be granted is 3,000,000;
- c) the Director Options will be granted on the terms and conditions set out in section 1.4.4 of this Explanatory Statement;
- d) the Director Options will be granted for no consideration;
- e) the Director Options will be granted not later than one (1) month after the date of this Meeting (or such later date as permitted by any ASX waiver or modification of the Listing Rules) and it is anticipated that the Director Options will be granted on one date; and
- f) there will be no funds raised from the grant of the Director Options as they will be issued as an incentive for the Directors to provide dedicated and ongoing commitment to the Company.

1.4.3 Chapter 2E of the Corporations Act

Chapter 2E of the Corporations Act regulates the provision of financial benefits to related parties by a public company. Section 208 of the Corporations Act prohibits a public company giving a financial benefit to a related party unless either:

- (a) the giving of the financial benefit falls within one of the nominated exceptions to the provision; or

MAWSON WEST LTD
EXPLANATORY STATEMENT

Mr Asquith declined to make a recommendation to Shareholders in respect of Resolution 7 as he has a material personal interest in the outcome of the Resolution by virtue of the proposed grant of Director Options to him or his nominee.

d) Other information that is reasonably required by Shareholders to make a decision whether it is in the best interests of the Company to pass Resolutions 4, 5, 6 and 7 that is known to the Company or any of its Directors:

(i) The proposed Resolutions would have the effect of giving power to the Directors to grant up to 3,000,000 Director Options on the terms and conditions as set out in section 1.4.4 to this Explanatory Statement and as otherwise mentioned above. The Company presently has 108,397,297 listed shares on issue, 1,875,000 unlisted Incentive Options exercisable at 20c, 3,825,000 unlisted Incentive Options exercisable at 30c and 2,500,000 options exercisable at 30c.

(ii) As at the date of this Notice, the Directors and their associates have relevant interests in securities of the Company as follows:

	Shares	Options \$0.20	Options \$0.30
David Frances	109,000	1,000,000	1,000,000
Mark Stowell	4,575,000	750,000	750,000
Glenn Zamudio	500,000	-	1,200,000
Jonathan Asquith	1,000,000	100,000	100,000

These Options are subject to vesting conditions and are otherwise exercisable at 20 cents and 30 cents as indicated in the table above each on or before 22 August 2011.

(iii) The Directors received or are due remuneration as follows:

(a) Mr Frances is employed on a remuneration package of \$218,000 including superannuation and excluding the value of the Director Options proposed to be granted to him pursuant to Resolution 4. Mr Frances can also earn a bonus in the next 12 months of up to \$50,000 if certain outcomes for the Company are achieved;

(b) Mr Stowell and Mr Asquith are paid a commercial fee for their services based on the time they are required to perform those services for the Company. For the period from 1 July 2006 to 30 June 2007, the following fees were paid:

	\$
Mark Stowell	77,992
Jonathan Asquith	17,025

The Company expects that similar fees will be paid to Messrs Stowell, and Asquith over a similar period, although the amounts expressed above are exclusive of the value of the Director Options proposed to be granted to them pursuant to Resolutions 5, and 7.

MAWSON WEST LTD
EXPLANATORY STATEMENT

- c) Mr Zamudio is employed on a remuneration package of \$120,000 including superannuation and excluding Director Options proposed to be granted to him pursuant to resolution 6

- (iv) In the twelve (12) months prior to the date of this Notice, the highest and lowest closing trading price of the Shares on ASX was \$0.37 on 16 July 2007 and \$0.17 on 17 October 2006. The closing price of the Shares on ASX on the trading day immediately preceding the date of lodgement of this Notice with the ASIC was \$0.26 on 16 October 2007.

- (v) If Shareholders approve the grant of the Director Options and all or any of the Director Options are exercised, the effect will be to dilute the shareholding of existing Shareholders. The market price for Shares during the term of the Director Options would normally determine whether or not the Directors exercise the Director Options (in addition to the vesting conditions imposed on exercise of the Director Options). Subject to any adjustments arising from any rights issues or bonus issues of securities by the Company, if all the Director Options are exercised, a maximum of 3,000,000 Shares may be allotted and issued with the effect that the shareholding of existing Shareholders will be diluted by approximately 2.77% and the company will receive additional funds of \$900,000 (assuming no existing Options in the Company are exercised and not taking into account the Options proposed to be issued pursuant to Resolution 8).

- (vi) The value of the Director Options and the pricing methodology is set out in section 1.4.5 of this Explanatory Statement.

- (vii) The primary purpose of the grant of the Director Options is to provide an incentive to the Directors to provide dedicated and ongoing commitment and effort to the Company. Shareholders should note that potential benefits will accrue to the Directors should the market price of Shares exceed the exercise price of the Director Options (assuming the terms of vesting of the Director Options are satisfied). Accordingly, the grant of the Director Options may create an opportunity cost or benefit foregone by the Company depending on fluctuations in the market value of its Shares during the exercise period of the Director Options. Further, under the Australian Equivalent of the International Financial Reporting Standards, the Company is required to expense the value of the Director Options in its balance sheet for the current financial year. Other than as disclosed in this Explanatory Statement and given the purpose of the grant of the Director Options and bearing in mind the exercise terms of the Director Options, the Board do not consider that the opportunity costs to the Company or benefits foregone by the Company in granting the Director Options upon the terms proposed to be significant. The Directors decline to comment in relation to those Resolutions in which they have an interest.

- (viii) The Board is not aware of any other information that would be reasonably required by Shareholders to allow them to make a decision in relation to the financial benefits contemplated by the proposed Resolutions.

1.4.4 Terms and Conditions of Director Options and Incentive Options

The terms and conditions of the Director Options and the Incentive Options are as follows:

- a) each Option entitles the holder, when exercised, to one (1) Share;
- b) the expiry date is 22 August 2011;
- c) the Options granted have an exercise price of 30 cents;
- d) all Shares issued upon exercise of the Options will rank pari passu in all respects with the Company's then issued Shares. The Company will apply for official quotation by ASX of all Shares issued upon exercise of the Options;
- e) there are no participating rights or entitlements inherent in the Options and optionholders will not be entitled to participate in new issues of capital offered to shareholders during the currency of the Options. However, the Company will ensure that for the purposes of the proposed issue notice of the new issue will be given to optionholders at least seven (7) Business Days before the record date. This will give optionholders the opportunity to exercise their Options prior to the date for determining entitlements to participate in any such issue;
- f) in the event of any new or bonus issues, there are no rights to a change in exercise price, or a change in the number of underlying securities over which the Options can be exercised; and
- g) in the event of any reorganisation of the issued capital of the Company prior to the expiry date of the Options, all rights of the optionholder will be varied in accordance with the Listing Rules.

1.4.5 Details concerning Value of Director Options

The Company has ascertained the total value of the 3,000,000 Director Options to be granted to be approximately \$ 402,600.

This value has been ascertained using the Black-Scholes valuation method and is based upon the following inputs and assumptions:

- a) current share issue price \$0.26 cents;
- b) an estimated volatility factor of 100%;
- c) option exercise price \$0.30 cents;
- d) a marketability discount of 25%;
- e) a risk free rate of 6.20%; and
- f) a term to expiry of 46 months.

In deriving the valuation, the Black-Scholes method relies on the following assumptions:

- a) the Director Options can be exercised at any time during the period,
- b) there are no transaction costs and the securities are infinitely divisible and information is available to all without cost; and
- c) the risk free interest rate is known and constant throughout the duration of the Option contract.

The value of the Options is as follows:

Exercise price	Value of each Director Option
30 cents	\$0.1342

Accordingly, based on these values, the total value of Director Options to be granted to each of the Directors is as follows:

Director	Total Value
David Frances	\$ 167,750
Mark Stowell	\$107,360
Glenn Zamudio	\$100,650
Jonathan Asquith	\$26,840
TOTAL	\$402,600

1.5 Resolution 8 – Approval for Grant of Incentive Options

The Company proposes to grant up to 1,000,000 Incentive Options to staff and contractors assist the Company to retain the services of key personnel as the Company proceeds to develop its interest in the Kapulo project in the DRC and allow the Company to utilise the skills of these individuals in relation to the management and operation of exploration, evaluation and development projects both within DRC and Australia. The Board considers the number and terms of the Incentive Options to be granted is the appropriate balance between creating an incentive to provide dedicated services and commitment to the Company and protecting the interests of Shareholders from the dilutionary impact of the exercise of the Incentive Options. The Board considers that it is in the interests of Shareholders to align the interests of the Company's key personnel and Shareholders by encouraging these individuals, subject to appropriate conditions, to have an equity holding in the Company. The Board considers however, that similarly to other Shareholders, this interest should arise through direct investment in the Company. In this regard, the total Incentive Option exercise consideration with respect to the Shares to be issued on exercise of the 1,000,000 Incentive Options is \$132,420.

This resolution is placed before shareholders to allow this number of securities to be excluded from the calculation set out in ASX Listing Rule 7.1.

The Incentive Options proposed to be granted under Resolution 8 have the same terms and conditions as the Director Options proposed to be granted under Resolutions 4, 5, 6 and 7.

For the purposes of Listing Rule 7.3, the following information is provided to Shareholders in relation to Resolution 8:

- (a) the maximum number of Incentive Options to be granted is 1,000,000;
- (b) the Incentive Options will be granted on the same terms and conditions as the Director Options, which terms and conditions are set out in section 1.4.4 of this Explanatory Statement;

Instructions for Completing ‘Appointment of Proxy’ Form

1. A Shareholder entitled to attend and vote at a meeting is entitled to appoint not more than two proxies to attend and vote on their behalf. Where more than one proxy is appointed, such proxy must be allocated a proportion of the Shareholder's voting rights. If the Shareholder appoints two proxies and the appointment does not specify this proportion, each proxy may exercise half the votes.
2. A duly appointed proxy need not be a Shareholder of the Company. In the case of joint holders, all must sign.
3. Corporate Shareholders should comply with the execution requirements set out on the Proxy Form or otherwise with the provisions of Section 127 of the Corporations Act. Section 127 of the Corporations Act provides that a company may execute a document without using its common seal if the document is signed by:
 - 2 directors of the company;
 - a director and a company secretary of the company; or
 - for a proprietary company that has a sole director who is also the sole company secretary – that director.

For the Company to rely on the assumptions set out in Section 129(5) and (6) of the Corporations Act, a document must appear to have been executed in accordance with Section 127(1) or (2). This effectively means that the status of the persons signing the document or witnessing the affixing of the seal must be set out and conform to the requirements of Section 127(1) or (2) as applicable. In particular, a person who witnesses the affixing of a common seal and who is the sole director and sole company secretary of the company must state that next to his or her signature.

4. Completion of a Proxy Form will not prevent individual Shareholders from attending the meeting in person if they wish. Where a Shareholder completes and lodges a valid proxy form and attends the meeting in person, then the proxy's authority to speak and vote for that Shareholder is suspended while the Shareholder is present at the meeting.
5. Where a Proxy Form or form of appointment of corporate representative is lodged and is executed under power of attorney, the power of attorney must be lodged in like manner as this proxy.
